

Model 9189

Adjustable Through-Counter Mount

This height-adjustable mount passes through the counter. Integrated cable management keeps cables safe and out of view. Three sizes provide height adjustment ranging from 12" to 36".

FEATURES

- ▲ Supports monitors, signature capture devices, kiosks and more
- ▲ Tube passes through counter
- ▲ Pivot and turn monitor – lock monitor in place if desired
- ▲ Internal cable routing – cables pass through counter, remaining out of view
- ▲ Durable construction stands up to retail use and abuse
- ▲ Fast setup

Quickly adjust monitor height

Easily tilt monitor to desired angle

Keep cables safe and out of view with Innovative's integrated cable management
