Designed for use with Altus worksurfaces. Attaches through existing cable access hole in worksurface.

**Model Shown:
i01 Bracket Mount**

1. Adjustable Tablet Holder Features:

Flexible Adjustment:

15" Vinyl covered spring steel Flexarm
Matte Black finish

Infinite positioning:

Molded plastic magnetic core provides limitless viewing angles by allowing the tablet to rotate in any direction around the 2" diameter stainless sphere.

Tablet Adapter:

A razor-thin (.025") magnetic circular adapter adheres instantly to any tablet.
