FEATURES

- One-touch power: set it and forget it. Electric power to supercharge height adjustment with the touch of a button. Programmable control remembers your height for sit and stand.
- Quickly retrofit to any desk or table. Installers can get Winston-E from box to up and running in less than 20 minutes. No need to move or replace furniture.
- Upping the ante with bold style. Robust electronics encased in a sleek design with modern edges and clean lines.
- Ergonomic monitor adjustment. Focal depth adjustment and independent movement of the monitors lets users keep their monitors at a comfortable, ergonomic level. Flexible adjustment allows for easy screen sharing.
- Expansive work surface. A large work surface and newly designed storage tray allows you to bring all necessities with you when standing.
- Available in a single, dual or triple monitor configuration.
